The *1963*

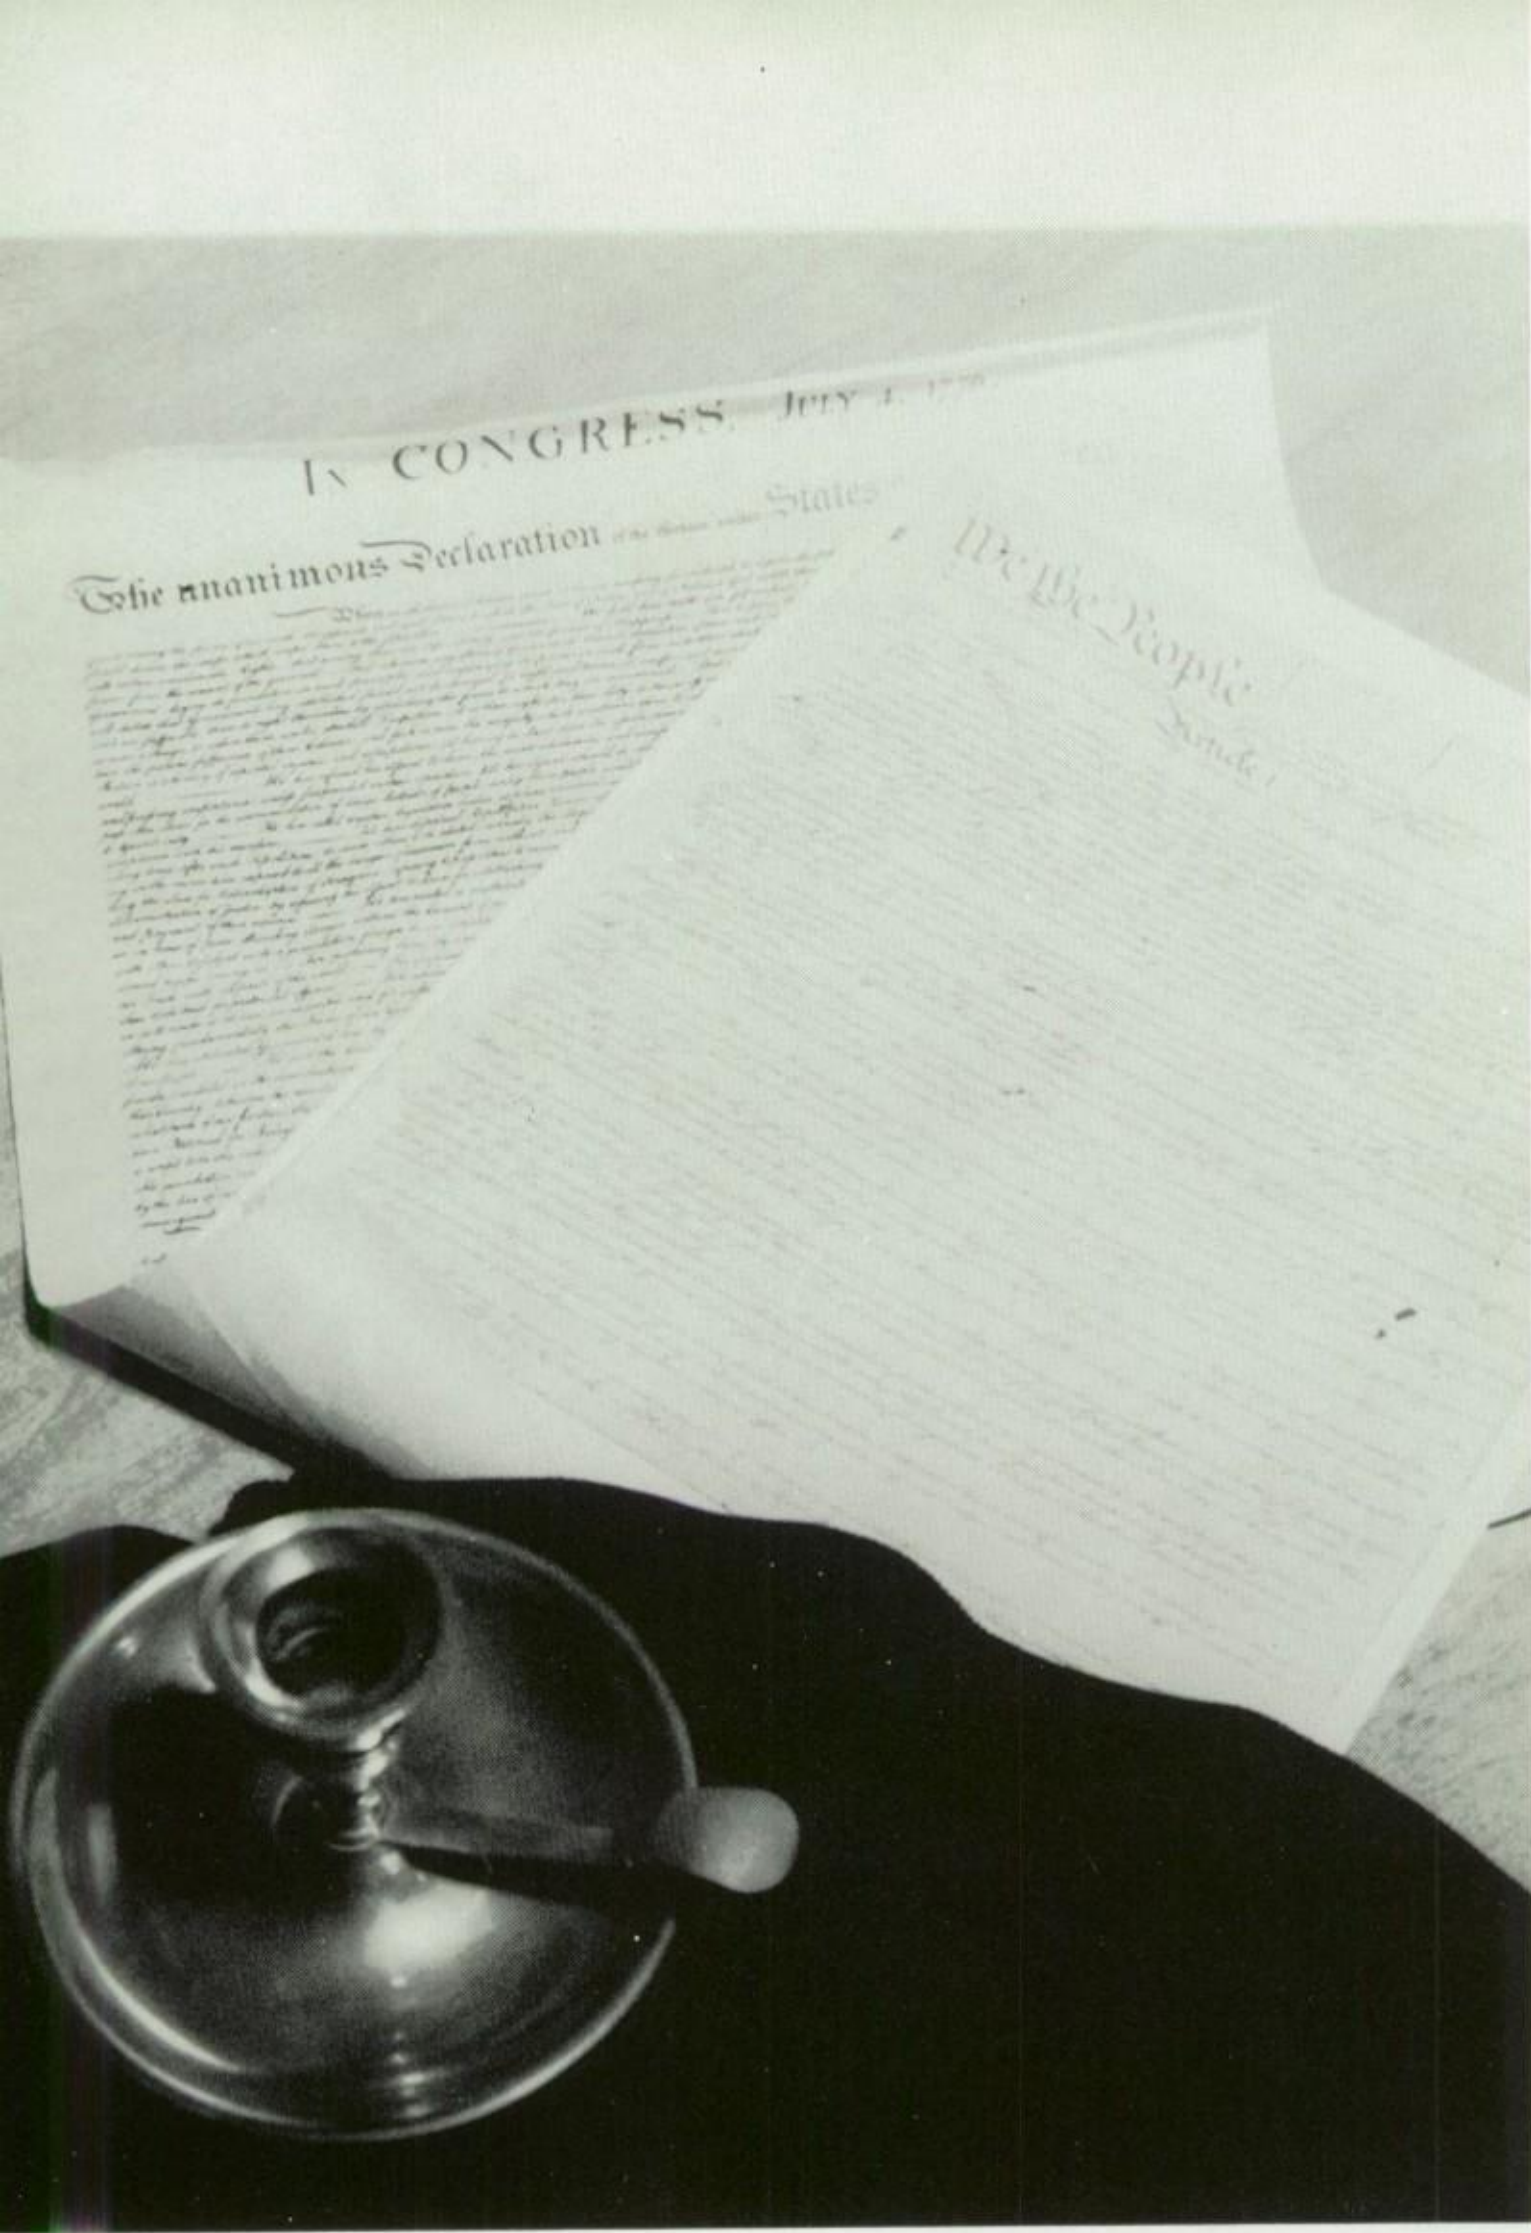

We, the staff of the 1963 DRAGON, proudly dedicate this annual to the Board of Education, the faculty and other citizens of this community who helped make possible the fine education that each boy and girl receives. They have been effective in giving every student greater opportunities for learning so that he will be better prepared to go forward into the future. Without the untiring patronage and munificence of these people, it would not be possible to have the school that we have today. We sincerely wish to extend a token of appreciation to those individuals who have so unselfishly given of their time and efforts to the interests and advancements of Downs Schools.

You have recorded with these pages the highlights that have taken place during the school year. The annual will be looked at years after you have gone from Downs High School. You will treasure these experiences for years to come.

It is my hope that you who are leaving Downs High, and you who shall remain, have been helped by us in becoming a worthwhile citizen and leader we know you are capable of being.
